

# IAR TSP

Simulated Annealing para o problema do caixeiro viajante

Implementado com interface grafica que mostra o menor caminho, os graficos de distancia e temperatura em tempo real

## eil51

Foi utilizado temperatura inicial de 10 e final de 2

Função de resfriamento:

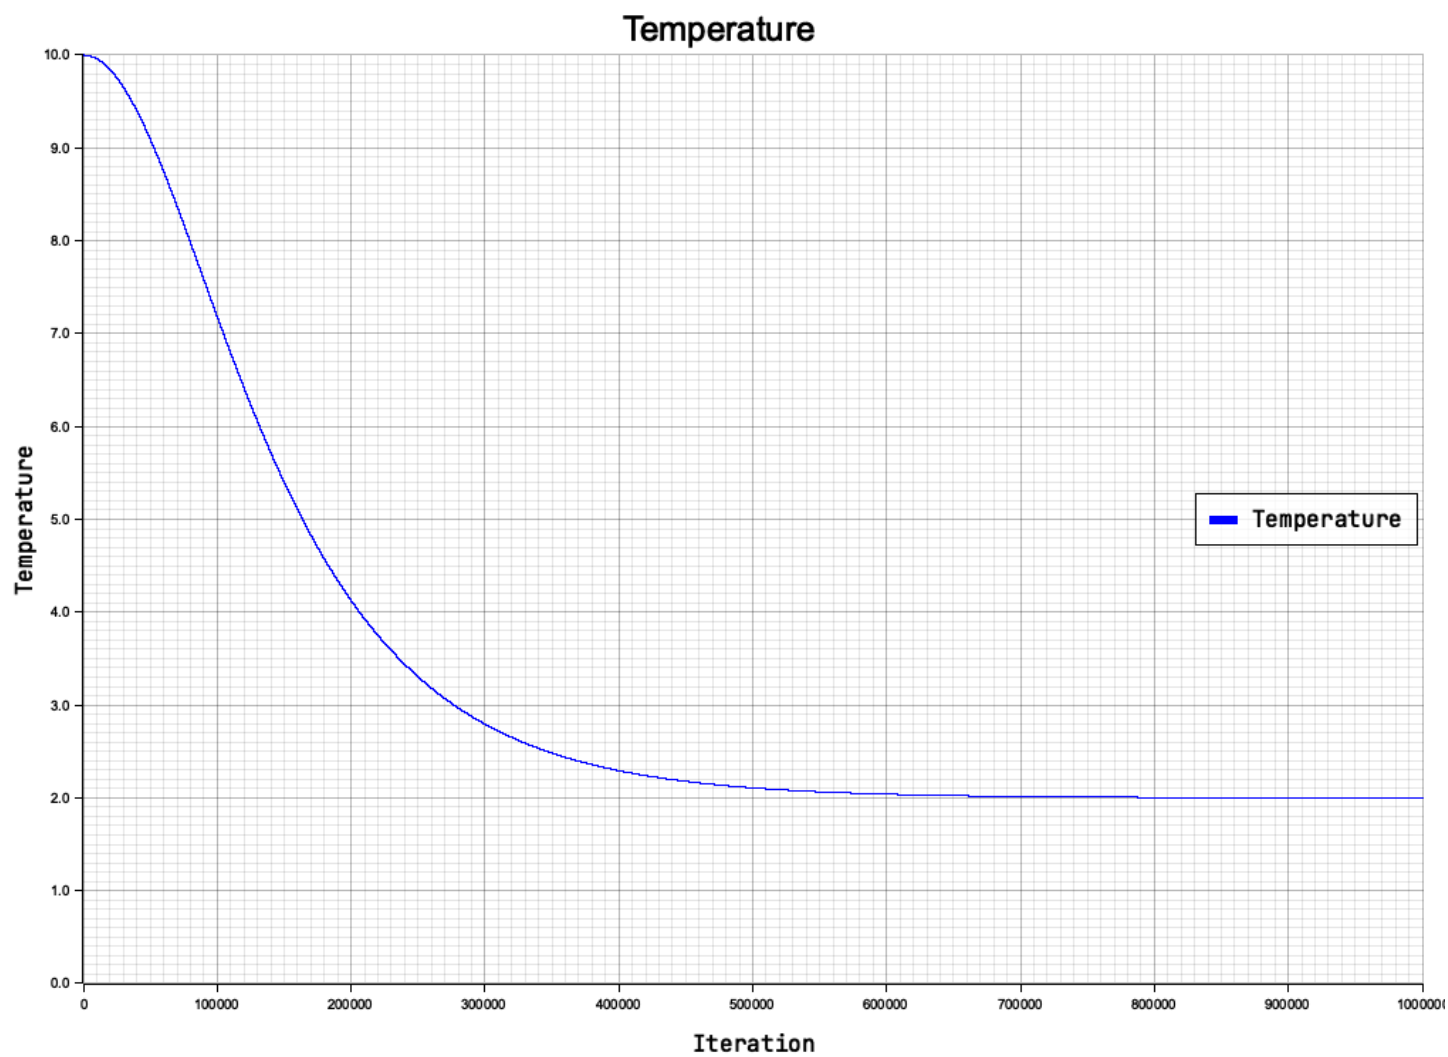

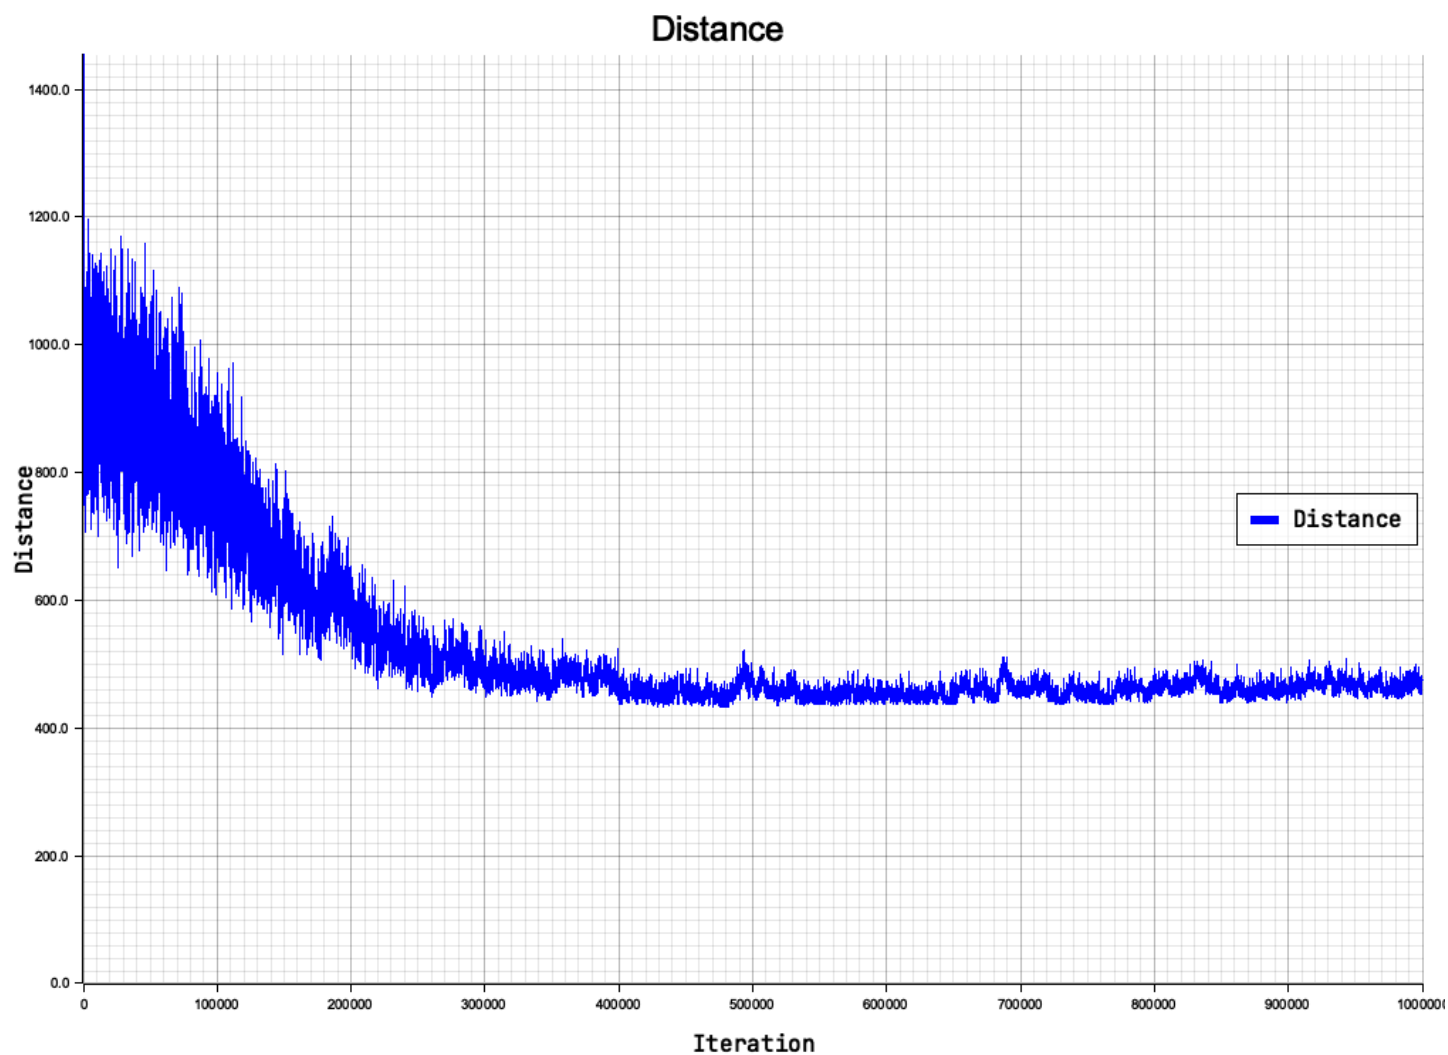

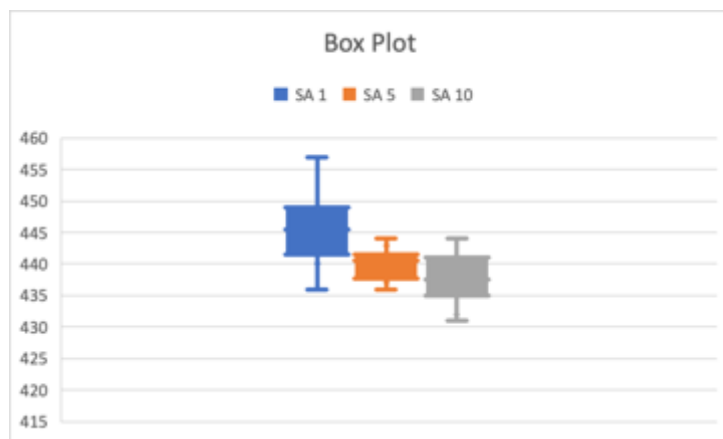

Gráfico de convergencia:

Box Plot:

## kroA100

Foi utilizado temperatura inicial de 500 e final de 100

Função de resfriamento:

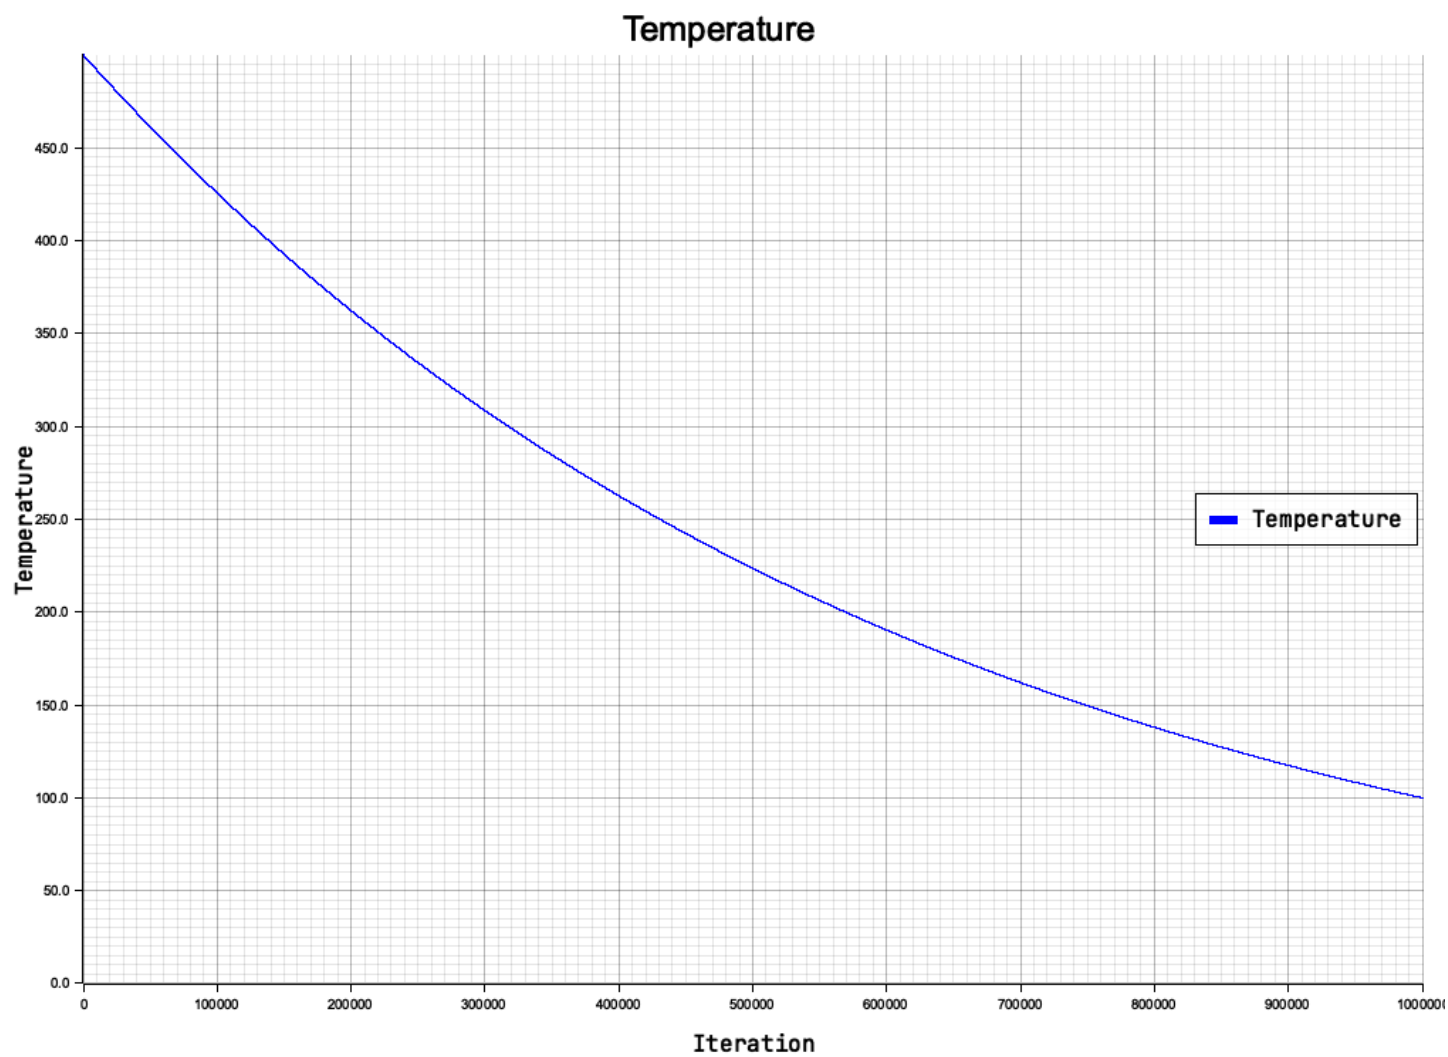

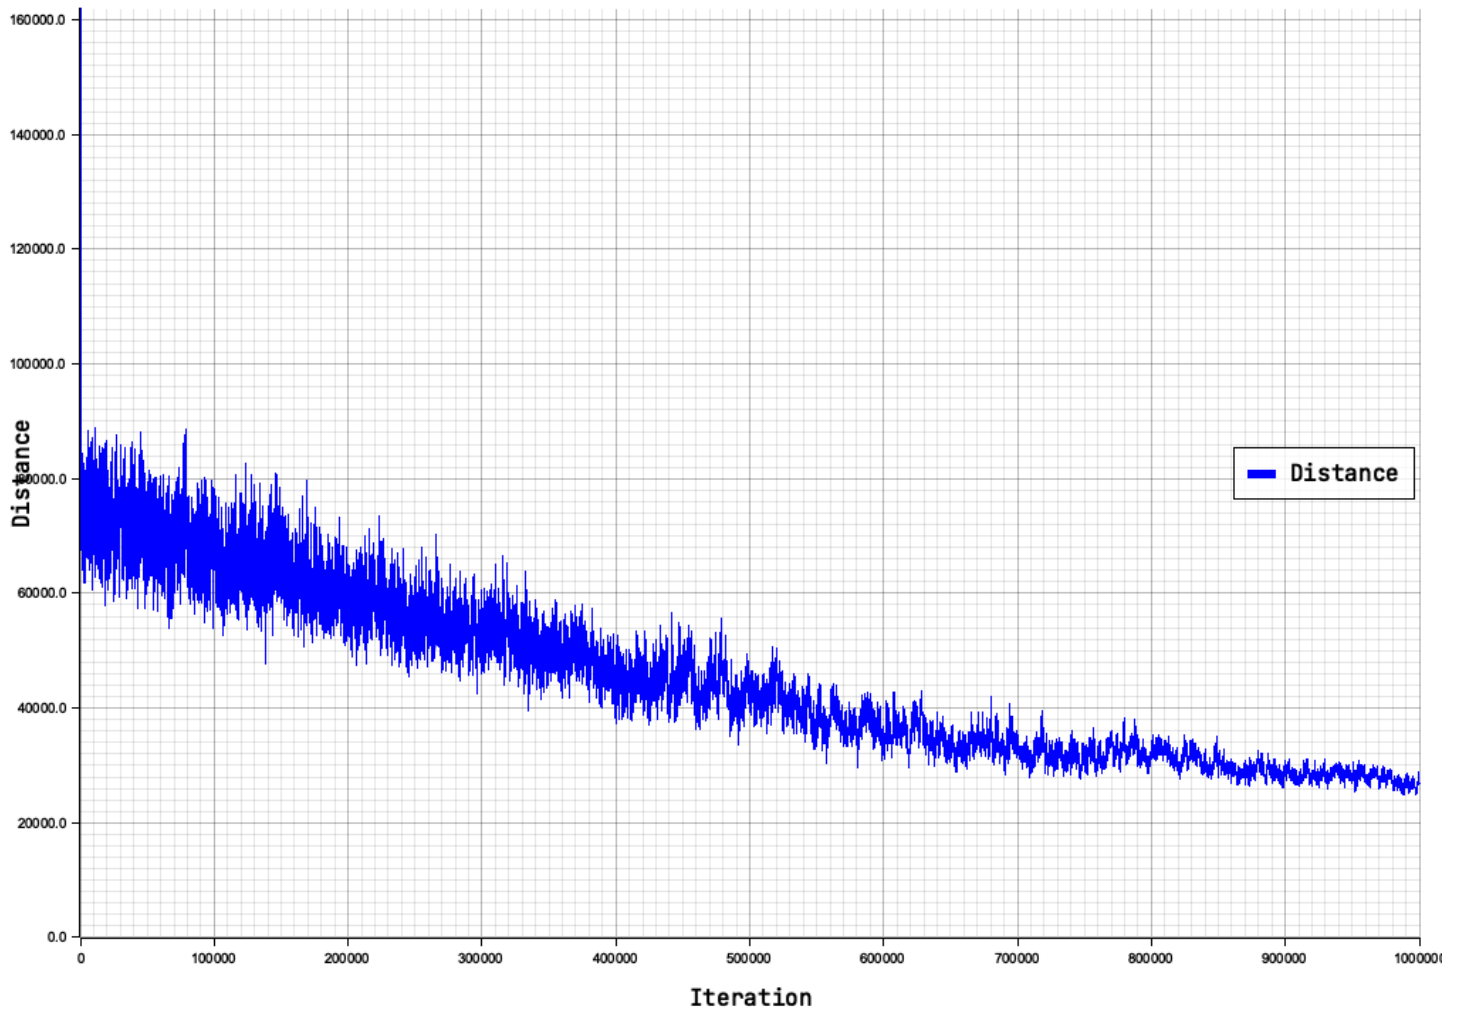

Gráfico de convergencia:

Distance

Box Plot:
